

Mrs Arianna D'Angelo, MD, Associate RCOG

General information:

I work as Clinical Lead at Wales Fertility Institute, Cardiff and as Honorary Senior Clinical Lecturer in Obstetrics and Gynaecology at Cardiff University. I am Past Director of the postgraduate teaching Diploma/Master in Ultrasound at Cardiff University. I have over 20 years' experience in Assisted Reproduction and Ultrasound.

Scientific Commitments:

I am the current UK Clinician National Representative (CNR) for the European Society of Human Reproduction & Embryology (ESHRE) ESHRE, I am member of the ESHRE Ethics Committee, Past Coordinator of the ESHRE Special Interest Group (SIG) in Safety and Quality in ART (SQART). I am member, reviewer, co-reviewer and translator of the Cochrane Gynaecology and Fertility Group. I am member of Guidelines development group (GDG) on ESHRE guidelines on Fertility preservation, Ultrasound and Key performance indicators. I am Editor for the European Medical Journal (EMJ) and Editor/Author for CRC press.

Research interests:

Ultrasound (diagnostic and interventional), Ovarian Hyperstimulation Syndrome (OHSS), fertility preservation for cancer and gender reassignment patients, recurrent implantation failure, markers of ovarian reserve and ovarian cancer screening. I am author of several international publications; speaker at national and international conferences/webinars and peer-reviewer for many journals in the field of reproductive medicine and ultrasound.

Education and training:

I have organised several training campus courses and workshops during the time spent within the ESHRE SIG SQART and have released several papers including the newly published guidelines on Fertility preservation and Clinical KPI.
